

## **An invitation to our Green Spaces & the Natural Environment Workshop**

Charlton Neighbourhood Forum are pleased to invite members and local residents to a workshop, on **Saturday 14th October, from 11.00am-1.00pm**. The venue is **St Richard's Church Centre**, on the corner of Sundorne Rd/Swallowfield Rd, Charlton, London SE7 7NR. The hall is an 8 mins walk from Charlton rail station and the bus stops for the 380 and 486.

The workshop is open to residents who live, work, run a business or study in Charlton. Anyone not already a member is welcome to join the Forum on the day (or beforehand via [this link](#)). This workshop is a great opportunity for residents to share their views on their local environment and our existing green spaces, as well as discuss your priorities and what policies that you would want to become part of the Charlton Neighbourhood Plan.

The workshop will last 2 hours, and will be a mix of short presentations, table discussions and deciding what people feel are important ideas and actions. It will be an opportunity think about and discuss our local area and its green spaces and to share ideas and listen to those of other residents.

We hope you can make some time to attend the workshop to find out more about the Green Spaces of Charlton and help shape developments in the future
